

Calvary Academy

Financial Aid Partnership

The purpose of the financial aid plan offered by Calvary Academy is to provide financial support to families that desire a Christian education. To be consistent with our mission, we provide this plan with the intent of creating a partnership between Calvary Academy, the student, and the families.

To help facilitate this partnership, Calvary Academy is committed to provide the best Christian education possible along with monetary discounts. These discounts are based upon financial need only. However, since the Academy is providing a tuition discount for the student to attend, the student will be expected to make a positive contribution to the well-being of the Academy. The expectations detailed below are based upon the full 40% granted for financial aid. The actual amount of aid granted determines the number of service hours required. This involvement is in addition to PIP time and these hours do not count towards NJHS or NHS community service requirements. Although the student is listed, the parent may be involved with the activity; however, Calvary Academy wants the student to appreciate the value of the benefit given to him or her.

We pray that you will allow God to move in your life so that every area of your life will be dedicated as worship to Him.
