# GRADUATION PARTY

Often after the graduation ceremony, the students like to have a celebration together. This is a parent-sponsored event, not organized by the Academy. It's helpful if one or two parents volunteer to coordinate the event.

In past, the 8<sup>th</sup> graders have chosen to gather in the CA gym for a party with their class, family, and friends and then they have selected to go out to eat or do something fun together after their party.

We do make resources available to the parents such as the use of the facilities for the party, tables, and chairs - the church does charge a nominal fee for rental.

# GRADUATION PARTY

The gym party typically consists of tables for each graduate to decorate and cupcakes/punch. This offers a chance for guests, teachers, and other students to come congratulate the graduates, bring a card or gift, and take pictures.
